### VINEYARD CHARACTERISTICS

Vineyards planted in 1989,  
grown in sapling.

Sottovento is a Sauvignon Blanc that represents the full Modigliana land and embodies the essence of the terroir that generated it thanks to the vines planted in 1989. The label is a small work of art like the wine it represents: watercolour brushstrokes, light and lively like the sea breeze that blows over the hills of Modigliana and caresses the vineyard, inebriating it with Mediterranean scents.
